STATINTL

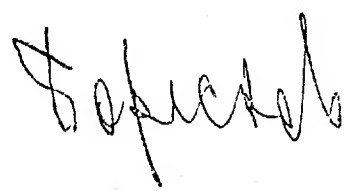

April 20, 1975

Dear Dr. Kenyon:

Here I am enclosing the proposed itineraries of some of the members of the Soviet delegation for American-Soviet Seminar on Catalysis.

I know that the arrangement of these programs is not easy and, therefore, some changes in dates and places can be expected.

Sincerely yours,

G.K. Boreskov

Dear Adah:

Enclosed is a letter from Academician G. K. Boreskov to Dr. Kenyon, dated April 10, 1975, with proposed itineraries for members of the Soviet delegation due to arrive in Washington on June 13 for a period of 2 weeks.

We do not know whether itineraries for Profs. M. E. Vol'pin, M. I. Tenkin and KH. M. Minachev will follow. These scientists were among those listed in Boreskov's letter of January 23, a copy of which was sent to you.

Most of these itineraries will be changed; once they are firmly established, we will forward them to you.

Regards,

Maria A. Snow
